Business Support Brochure

We don't believe in promises, but we guarantee it in our services

Introduction

We at Elite aim to offer a bespoke service to best suit your needs not forgetting that we also have to offer this service at competitive rates. Qualified nurses are in all branches - however here at Elite we believe that as well as qualifications, our staff also need experience in their roles to offer the best and reliable service possible.

Because everyone is different and people's needs are many and varied we offer a client tailored approach incorporating a 24hr on call service to ensure round the clock availability.

It is important that management and owners understand not only how to run a business effectively but also that they have experience in the roles that are being fulfilled by their staff. At Elite the owners have a combined total of over 50 years experience in nursing in all branches.

Our staff profile contains:

- Full name
- NI number
- DBS details
- Right to work
- Training details
- Bio
- Candidate skills
